

Historical Guides Association of California Presents

About Arthur Byne

Through former guide and author **Taylor Coffman**, the HGA was given the opportunity to hear a special presentation on **Arthur Byne**. **Jody Brotherston** is a consultant for the Arthur Byne House in Madrid, Spain. She has given many presentations on Arthur Byne, the artifacts he obtained, and his home. Ms. Brotherston has a couple of trays of slides about the Arthur Byne House that she will show.

Arthur Byne was born in Philadelphia in 1884 and died in a car accident in Spain in 1935. He was responsible for helping William Randolph Hearst obtain many of the antique ceilings in his collection.

We apologize for any conflicts of scheduling. This was *literally* the only time Jody Brotherston had available in her schedule to share her knowledge.
